

## 2012 Camp Mack News

Have you ever wished you could leap tall buildings in a single jump or just having some superpowers? This summer you can grab your cape and fly out to work on you superpowers at Camp Mack's Superhero Adventures.

This summer we will be unveiling Alley's Action Alley! This is where all the Superheroes can work on their archery and shooting skills. They will also get to fly around the "NEW" BMX course! At the opening and closing of each session we will bond our superpowers together at the "NEW" campfire circle.

Aqua man loves to spend time at the pool and lake. Captain Planet will have a hand in our Nature program. By the way you might want to keep your eyes open while at Nature. You might see one of the Teenage Mutant Ninja Turtles. Each superhero will be able to test their strength while at fitness. At Handicraft you might be making gadgets that only Inspector Gadget uses.

Why should we attend Summer Camp? Camp is always fun when you attend with your friends. The boys will work on achievements and skills that will help build character. Time spent with your son at Summer Camp will make memories for you both that will last a lifetime.

If anyone has any questions about our summer camp program or would like someone to come out to talk to the boys feel free to email the Camp Director Angie Horn at [achorn@peoplepc.com](mailto:achorn@peoplepc.com). You may also feel free to check out Camp Mack's NEW website at [www.jemack.org](http://www.jemack.org)

UP, UP and Away to Camp Mack's Superhero Adventure!!
