These courses are taught by informed trainers who know how to engage groups and make learning fun. These courses are offered by council as group training, or may be done as small groups. Prior to taking this training, leaders should complete [Youth Protection Training](#) and [This is Scouting](#).

Crew Advisor and Assistant Crew Advisor training shows you how to teach crew members how to lead their own Crew. This course includes five sessions, usually completed all in the same day.

The five sessions will cover:

- Understanding and Protecting Youth - Understanding the teenage mentality and providing safe, productive environments
- Leadership and Organization - How the Crew is structured and operates
- Awards and Recognitions - The advancement program of Venturing
- Resources and Program Planning - Recruiting, retaining, and inspiring youth

***Most importantly, keep in mind that this course WILL BE FUN!***
