Tell me more about NYLT

The National Youth Leadership Training Program (NYLT) is Boy Scouting's premiere youth leadership development program. It is offered in Councils throughout the country. NYLT is an intensive, fun, hands-on, and challenging week-long program that combines outdoor adventure and classroom instruction to provide young men and women with experiences and tools for becoming great leaders.

NYLT focuses on the concepts of:

- What a leader must **BE**
- What a leader must **KNOW** and
- What a leader must **DO**.

Participants learn and develop skills such as communication; problem solving; presentation making; team development; working with adult and youth leaders; and ethical decision-making. These skills learned at NYLT will benefit Scouts not only as youth leaders but in other aspects of life.

As part of the NYLT course, Scouts are formed into patrols/teams to work and camp together. Under the guidance of highly skilled youth staff, participants take part in indoor and outdoor challenges to develop, strengthen and grow their leadership abilities. Activities including geo-caching, pioneering, role-playing, games, patrol competitions, overnight camping, are all integrated into the course syllabus to help practice these skills, which come alive as each participant goes on his Quest for the Meaning of Leadership. NYLT participants are asked to commit to apply the leadership skills learned in the context of their own scouting unit going forward from NYLT.

“If you can SEE it, you can BE it!”
