

June 2nd-June 9th

Lancaster County Conservancy Water Week!

Lancaster County Conservancy's Water Week 2018 will be held from Saturday June 2nd to Saturday June 9, 2018. This event will once again offer opportunities to Scouts, Scouters and their families for educational fun and community service. A full slate of programs and their locations has not yet been released but the service projects and some of the educational events are as follows:

Saturday, June 2nd 9AM to 12 PM-Stream Health and Water Science 101-study and learn about stream and water science during hands on workshops.

Saturday, June 2nd, 2PM to 5PM-A Day On Lititz Run-tours of multi-site tour of the watershed. End the tour at Rock Lititz Campus touring their floodplain restoration project.

Monday, June 4th,5PM to 8PM-Habitat Improvement near East Petersburg Pump Station.

Tuesday, June 5th, 9AM and 10AM-Harnessing the Power of Water-Tour of Safe Harbor Dam including their fish lifts.

Wednesday, June 6th, 5PM to 8PM-Chiques Watershed Expo-educational and fun

Wednesday, June 6th, 6:30 PM to 8:30 PM-Native Plant Conference-learn about propagating native plants for the home garden.

Thursday, June 7th,6PM to 9PM-Tree Planting of a Riparian Buffer at a to be announced location.

Friday, June 8th, 4PM to 9PM-Native Plant Sale

6PM to 8:30 PM Native Plant Conference-Keynote Speaker at Millersville University.

Saturday, June 9th, 8AM to 12PM-Conestoga River Clean-up of a yet to be determined section.

All events are open to Scouts, Scouters and their families. Registration will be required through the Lancaster County Conservancy Site. Scouts and Scouters who participate in any one of these events will receive this special patch along with earning community service hours while learning about our water resources. Please e-mail Leisha at Leishamarie.rivera@scoutin.org and we will put it in the mail to you. We will need name, address and number of patches.
