Mission statement/organization goals

Founded in 1947, Bashore Scout Reservation has earned a reputation for providing one of the Northeast Region's finest summer camp programs.

Coleman Memorial Park is a 99 acre, multi-use community park located in the city of Lebanon, in south central Pennsylvania. For more than 75 years, residents and visitors alike have enjoyed the many recreational and family friendly features of this beautiful city park. Unit camping available if you make arrangements.

Preserving America's oldest existing transportation tunnel and the park lands surrounding it.

We take part in conservation projects along the banks of the Swatara Creek, host hunting and trapping courses, and have Block Shoots in spring and fall. Family Night held at the pavilion once a month during the summer.

Members continue to develop Waltonian Pines as an environmental resource center through projects including developing pheasant habitat; conducting hunter safety courses and fishing programs for Veterans (VA patients), youth groups, Scouts and Seniors; tree planting; fish stocking; and its annual youth pheasant hunt.

At J. Edward Mack Scout Reservation, our goal is to create a fun and exciting environment where everyone can learn and enjoy the outdoors.

To provide, protect, preserve, and promote recreational hiking trails and hiking opportunities in Pennsylvania.

Kiwanians are volunteers changing the world through service to children and the communities they live in. Members help shelter the homeless, feed the hungry, mentor the disadvantaged, and care for the sick. They work to develop the leadership potential of our young people, build playgrounds, raise funds for pediatric research and much more.

Since 1969 the Conservancy has been working to save important natural places for people and wildlife. As more land is lost each year to development, it's our mission to protect and maintain carefully selected habitat in its natural state as a balance to our growth. Each conservation project is as unique as the property itself, and we are grateful to work with wonderful partners who allow us the flexibility necessary to save nature however possible!

Seeking to put God's love into action, Lancaster Lebanon Habitat for Humanity brings people together to build homes, communities and hope. Our nonprofit organization builds, renovates and repairs homes, as well as revitalizes neighborhoods, throughout Lancaster and Lebanon Counties.

To provide a program of outdoor recreation and to maintain the Conestoga Trail System.

Lancaster Lebanon Habitat for Humanity brings people together to build homes, communities and hope. Our nonprofit organization builds, renovates and repairs homes, as well as revitalizes neighborhoods, throughout Lancaster and Lebanon Counties.

At Meals on Wheels of Lancaster we provide nutritious, freshly prepared meals free or at a reasonable cost to those who cannot reasonably provide meals for themselves. But this labor of love and community extends beyond food delivery.

The mission of the Lebanon County Area Agency on Aging is to develop, coordinate and promote a continuum of services that values and supports older adults as they age; empowers them to maintain independence, dignity and respect; and enhances their overall well-being and quality of life.

Promote efficient development in and around existing communities, preserve the familiar landscapes that give our Lebanon Valley its unique character and appeal, and ensure that our children's quality of life will be as rewarding as ours.

The Lower Susquehanna RIVERKEEPER® program focuses on identifying sources of pollution and enforcing environmental laws. We actively educate the public on current issues, work with decision-makers to emphasize the economic and social benefits of protecting our watershed, and when necessary enforce laws protecting communities and natural resources of the Susquehanna Watershed.

"PACSAR" is a group of highly trained and certified volunteers that offers Search and Rescue services free of charge, and provide additional resources to other SAR teams, local law enforcement, and fire companies in the surrounding areas of Lancaster County.

The Pennsylvania Outdoor Corps offers work experience, job training, and environmental educational opportunities to young people who complete recreation and conservation projects on Pennsylvania's public lands. In addition to hands-on job skills, the program provides learning opportunities weekly in resource management, environmental issues and topics, and recreation skills.

The primary mission of PaWSAR is the safe return of a missing loved one to their family, to minimize loss of life, injury and property damage and to provide recovery services as needed – always with concern for the safety of all parties. To achieve this goal we train to provide professional level search and rescue services, preventative educational awareness programs and respond to requests from local and state entities.

We empower families with education and ingredients to create nutritious weekend meals, so their children return to school fed and ready to learn. We provide a recipe, its ingredients and nutritional education to food insecure families in Lancaster and Lebanon County.

Schreiber Pediatric Rehab Center of Lancaster County is a not-for-profit organization that provides family centered education and therapy programs for infants, children, and adolescents with developmental delays and disabilities in central Pennsylvania. Our goal-oriented approach maximizes each child's ability to function as independently as possible within the community.

Working to Protect and encourage Mountain Bike trail access in Central Pennsylvania.

To promote the conservation of the natural resources of the Swatara Watershed by conducting scientific investigations and research, disseminating information, conducting educational programs, sponsoring conservation projects and all activities incidental thereto.

Trout Unlimited is a grassroots, volunteer organization whose mission is “to conserve, protect and restore North America’s trout and salmon fisheries and their watersheds.”

The Doc Fritchey Chapter is proud to be fulfilling Trout Unlimited’s mission in Dauphin and Lebanon counties.

Trout Unlimited is a group of conservation-minded anglers promoting quality trout and salmon fisheries — both for their intrinsic value as well as for watershed health. Today’s Mission is to conserve, protect and restore North America's trout and salmon fisheries and their watersheds.

Has a list of United Way partners with ongoing service needs. Each project listed includes age requirements and other restrictions. Click on "Volunteer Now" link for listed projects.

The U.S Coast Guard Auxiliary is the volunteer arm of the Coast Guard and was established by Congress in 1939. Recreational Boater Safety is the most well known mission associated with the Coast Guard Auxiliary. With over 30,000 volunteers we are dedicated to supporting the Coast Guard mission with vessel safety checks, safe boating courses, harbor security patrols, search and rescue, marine environmental protection, just to name a few.

Primary type of service projects they have	Org address/service area	Primary Contact name
Camp maintenance	160 Moonshine Rd. Jonestown, PA 17038	Ranger Dave Materness
Park maintenance	1400 W Maple St, Lebanon, PA 17046	Pam Tricamo
