Trainer's EDGE is the required "Train the Trainer" course for Wood Badge and NYLT staffs. The purpose of Trainer's EDGE is to provide and help develop the platform skills of a trainer. It is meant to supplement the practice offered through Wood Badge and NYLT staff development, with a focus on the participant, while raising the level of skill a trainer brings to the staff experience. Only practice can polish these skills, but this course is intended to "train the trainer" on behaviors and resources while offering hands-on experience in methods and media. Course completion expires after three years.

Pre-Course Preparation: Participants should prepare a 10 to 12 minute presentation on a topic from any BSA material. You will deliver this presentation during the course; bring ALL needed materials and equipment. Your presentation should allow you to demonstrate the skills of a trainer. You will receive constructive feedback on your presentation from other participants. This is an essential part of the course. **Be Prepared.**

Participants should bring a COPY of parts A & B of their BSA Medical Form with them.
Field uniform ("Class A") is appropriate attire.

You will have fun, learn about resources, gain confidence, and become a better trainer.

The course director will share additional information with you shortly before the course - probably by email. If you have not heard from that person by the Wednesday before the course, please contact them.
