

Winter Scout Prayer

Creator of all seasons,
As winter's chill wraps the earth,
remind us of the warmth found in friendship and service.
When the nights grow long,
help us keep our inner light burning bright.
Teach us to see beauty in the frost,
patience in the falling snow,
and strength in the stillness of the cold.
May we, like evergreens,
stand tall and steadfast through every season,
ready to serve, to help, and to care.
Amen.
