Equipment list will be provided after registration. The course will be outside. Be Prepared.

Participants must bring a COPY of Parts A&B of a BSA Medical Form with them. Find it at:
<https://www.scouting.org/health-and-safety/ahmr/>

In addition to these courses, Safeguarding Youth Training and Hazardous Weather Training must be current. **BALOO has online pre-requisite training.**

Course Description

The training is designed to teach you the skills needed to help Cub Scouts and their parents have a fun, positive, and safe outdoor experience. We learn best by doing; the course is hands-on.

BALOO for Cub Scout leaders introduces participants to the skills needed to plan and conduct Pack outdoor activities, particularly pack camping. At least one adult per pack must complete BALOO training for the unit to conduct an overnight Pack camping trip. This hands-on course is aimed at parents and leaders with no previous camping experience. It includes overnight camping. Field (Class "A") uniform is suggested.

Participants are responsible for their own personal gear including tent, sleeping bag, personal hygiene items, mess kit, and pencil/pen. If you need help obtaining or borrowing these, contact your troop or the course director.

This course has an **online pre-requisite course** that should be completed before attending. It is at my.scouting.org > My Dashboard > Training Center > Expanded Learning > BALOO

Complete the BALOO online pre-requisites, participate in all sessions, and work with your patrol for the remainder of the weekend.

You will have fun, learn about resources, gain confidence, and become a better leader.
